

Based Eggman Whitepaper

Introduction

\$GGs Vision Statement: World Domination is Based

Based Eggman represents a groundbreaking convergence of meme culture, blockchain technology, and interactive gaming experiences built natively on the Base Blockchain. Inspired by Coinbase Legend Brian Armstrong and the iconic Eggman character, leveraging Coinbase's Layer 2 scalability, Based Eggman emerges as one of the strongest memecoin candidates on Base, focused on revolutionizing gaming on the Base Blockchain by combining nostalgic appeal with cutting-edge blockchain technology.

Based Eggman introduces a comprehensive gaming ecosystem featuring play-to-earn mechanics, NFT integration, and community-driven governance. Leveraging Base's low transaction fees, scalability, and seamless integration with the broader Ethereum ecosystem to deliver an accessible yet powerful gaming experience. With a carefully designed tokenomics model and strong community focus, Based Eggman aims to set new standards for utility and engagement in the memecoin space while capturing the massive growth potential of Base's expanding ecosystem.

The Based Eggman project represents a unique opportunity to participate in the convergence of gaming and blockchain technology at a pivotal moment in Base Blockchain's expansion. Based Eggman aims to set new standards for what's possible in the crypto gaming space.

Based Eggman: Project Differentiation

What Separates Based Eggman from traditional memecoins, Based Eggman offers:

Real Web3 Utility: Based Eggman features a fully integrated gaming platform built on Base Blockchain with verifiable play-to-earn mechanics and NFT integration - creating true demand beyond speculation.

Sustainable Tokenomics: While most memecoins suffer from inflationary models, Based Eggman implements carefully calibrated tokenomics featuring strategic emission schedules, burn mechanisms, and staking rewards designed for long-term value retention.

Institutional-Grade Positioning: While typical memecoins operate in isolation, Based Eggman is strategically positioned to benefit from Base Blockchain's projected \$34B ecosystem growth (per JPMorgan analysis), creating institutional-level tailwinds rarely seen in the memecoin space.

Understanding GGs Meme

Why Based Eggman?

Based Eggman is named after the legendary coinbase figure Brian Armstrong and nostalgic gaming character Dr. Eggman, we chose this combination as it most accurately depicts our \$GGs Vision Statement: “World Domination is Based” & represents our vibrant ecosystem.

Based Eggman, a powerful fusion of crypto culture and gaming nostalgia that perfectly encapsulates our mission. The name ingeniously blends "Based," a term synonymous with authenticity and foundational strength in the crypto world—and a direct nod to the Base Blockchain pioneered by Coinbase's Brian Armstrong—with the iconic, ambitious antagonist Dr. Eggman from the Sonic universe.

We chose this combination because it most accurately depicts our \$GGs Vision Statement: “World Domination is Based.” This is our operational blueprint. It signifies our ambition to build a dominant, on-chain gaming empire that is fundamentally based—rooted in the robust, scalable technology of the Base network. The figure of Based Eggman represents our relentless drive for innovation, grand-scale ecosystem building, and a playful yet determined approach to conquering the crypto gaming landscape.

Through meme culture, on-chain gaming, and a robust rewards system, Based Eggman cultivates a thriving and inclusive ecosystem where every participant can contribute to and benefit from our journey toward “world domination.” This vision is not just aspirational but actionable, woven into our platform’s design, tokenomics, and governance. As we expand, the Based Eggman meme will continue to serve as both a beacon and a foundation for our ever-growing, unstoppable community.

Why the Token Ticker - \$GGs

The choice of our token ticker, \$GGs, is both intentional and deeply meaningful, encapsulating the spirit of Based Eggman and the values we aim to foster within our ecosystem. In the world of gaming and digital culture, “GG” stands for “Good Game”—a universal sign-off that celebrates sportsmanship, achievement, and mutual respect among players. By adopting \$GGs as our token ticker, we are embedding this positive, community-driven ethos directly into the DNA of our platform.

Moreover, \$GGs is designed to be instantly recognizable and memorable—qualities that are critical for viral growth and adoption in both crypto and mainstream gaming circles. The plural form, “GGs,” emphasizes abundance, collective achievement, and the idea that everyone in our ecosystem can experience “good games” and shared success. As the native token of Based Eggman, \$GGs powers all in-game transactions, rewards, staking mechanisms, and governance, ensuring that the token remains at the core of our evolving on-chain universe.

Building on Base

\$GGs Building on BASE

Based Eggman chose Base Blockchain as the most optimal platform for its ecosystem because it delivers unmatched performance, global accessibility, and aligns perfectly with the needs of both institutional and retail users. Base's high throughput and low transaction fees ensure smooth, scalable gameplay and NFT transactions, while its integration with Coinbase provides instant access to a massive, mainstream user base. Additionally, the institutional credibility and security that come from Coinbase's backing make Base Blockchain a trusted foundation for long-term growth and innovation. By building on Base, Based Eggman positions itself at the crossroads of cutting-edge technology and widespread adoption, enabling the project to fulfill its vision of a truly global, inclusive, and high-performing crypto gaming ecosystem.

The Benefits of Building on Base

For Based Eggman, building its ecosystem on Base brings several key benefits: it ensures a highly scalable infrastructure capable of supporting thousands of on-chain game interactions and NFT transactions per second; it dramatically lowers gas costs, making microtransactions and frequent in-game rewards viable; and it grants easy integration with Coinbase's extensive user base and wallet ecosystem, fueling rapid community growth and liquidity. Ultimately, Base Blockchain empowers Based Eggman to deliver a seamless, rewarding gaming and meme experience to a global audience, setting the stage for sustainable, long-term expansion.

Base Blockchain Growth Prediction

Base Blockchain is strategically positioned for explosive growth, with strong backing from Coinbase, seamless integration with Ethereum, and a rapidly expanding ecosystem of dApps, DeFi, and NFT projects. As more users and developers seek faster, cheaper alternatives to Ethereum's mainnet, Base's low fees and high throughput make it an attractive choice for mainstream adoption. With major institutional support and increasing on-chain activity, it's entirely possible that Base could rival or even surpass traditional Ethereum mainnet in transaction volume over time, especially as Layer 2 solutions become the norm for scalable blockchain use. While Ethereum will likely remain the foundational settlement layer, Base's user-friendly infrastructure and alignment with Coinbase's vast audience give it a realistic path to achieving, or even exceeding, Ethereum's transactional activity in the coming years.

Based Eggman Ecosystem

Based Eggman Gaming

Based Eggman is building a collage of \$GGs-powered games inspired by the golden era of retro gaming giant SEGA, blending nostalgic gameplay styles with modern Web3 functionality. The Based Eggman Gaming Platform will feature a variety of games from fast-paced arcade challenges to side-scrolling adventures, each infused with the brand's playful meme-driven identity. Our native token \$GGs will serve as the universal reward currency, allowing players to earn tokens through high scores, tournament wins, and community challenges.

The Based Eggman team has gone a step further to ensure that anyone, anywhere can jump into the \$GGs ecosystem without facing the usual complexity of Web3 onboarding. Instead of requiring new players to set up crypto wallets, store seed phrases, and navigate exchanges before they can even start, the platform will feature frictionless onboarding with instant accounts via familiar social logins (Google, Telegram, etc.). Behind the scenes, a secure custodial wallet is automatically generated; later players can transition to full self-custody.

\$GGs Streaming

All games developed & integrated under the Based Eggman brand can be streamed directly to an engaged, Web3-savvy audience, creating a built-in marketing and discovery channel for both upcoming gamers and indie developers.

\$GGs Players can showcase their skills, compete in live events, and instantly monetize their streams through \$GGs tips, subscriptions, and sponsorships. Developers can use the platform to launch demos, host live Q&A sessions, and run token-gated beta tests, giving them direct feedback and community traction before full release.

This synergy ensures that gaming content fuels streaming growth, while streaming serves as a promotional engine that brings new players and developers into the Based Eggman universe — all powered by the \$GGs token and the cultural momentum of the Base network.

Based Eggman De-Fi

Based Eggman is transforming decentralized finance by integrating DeFi directly into the entertainment and trading culture of the \$GGs ecosystem — giving users the ability to seamlessly incorporate trading, saving, and gaming into one connected experience.

Based Eggman Ecosystem

This creates a smooth, user-friendly trading flow and serves as a liquidity bridge, enabling large pools of capital on Ethereum to flow directly into the Based Eggman ecosystem.

By lowering the technical barriers, ScrambleSwap opens the door for larger Ethereum liquidity to easily interact with Base-native assets — boosting activity, depth, and stability within the \$GGs market.

Based Eggman \$GGs Token

The \$GGs token is the emerald of the Based Eggman ecosystem, serving as both its primary liquidity source and a universal virtual asset for all Based users worldwide. More than just a currency, \$GGs is a symbol of respect, recognition, and shared identity among those who embody the values of gaming, sportsmanship, creativity, and relentless hustle. Every transaction, tip, or reward in \$GGs carries with it the spirit of the Based community — a digital handshake that transcends borders.

With a max supply of 389,152,000 tokens, The GGs Platform aims to decentralize and democratize online gaming culture, streaming economies, and trend creation. By removing centralized gatekeepers, it gives every creator, gamer, and community member equal opportunity to earn, share, and influence culture in real time. \$GGs is a cultural connector, uniting players, streamers, traders, and meme-makers. \$GGs is a top crypto ICO; join the Based Eggman crypto presale by selecting Buy \$GGs after wallet connection.

Meme of Base and Ethereum's Social-Fi scene, setting the tone for how fun, creativity, and economic rewards can coexist in one ecosystem.

\$GGs Trading Solution

Based Eggman is developing trading solutions for both new entrants and seasoned crypto traders, beginning with the launch of the \$GGs Trading Bot. This tool is designed specifically for the fast-paced memecoin market, providing real-time tracking, analytics, and actionable insights that help users trade smarter.

GGs Tokenomics

Based Eggman Tokenomics, CA and Security Audit

Our GGs smart contract has been audited and confirmed by third party information security firm Coinsult, find the official GGs audit here:

<https://app.coinsult.net/base/0x7f23e5fc401bdfcdc9ad3970ff52f65de73ba8ed>

Based Eggman GGs Official Contract Address:

0x7f23e5fc401bdfcdc9ad3970ff52f65de73ba8ed

Based Eggman chose a deflationary memecoin supply to distinguish itself from the many inflationary or unlimited-supply meme tokens in the market, such as Dogecoin, which can suffer from long-term dilution and reduced scarcity. By implementing a capped and deflationary supply, Based Eggman aims to create a built-in scarcity that rewards early adopters and incentivizes holding, much like successful deflationary tokens in the broader crypto space.

Based Eggman GGs Token Distribution:

Total Supply: 389,152,000 GGs

Presale - 60%

233,491,200 GGs Are Available for Purchase During Based Eggman Presale.

Listing Liquidity - 15%

58,372,800 GGs Will be used for CEX and DEX Listing Liquidity, Allowing users to trade GGs swiftly.

GGs Gaming Platform - 10%

38,915,200 GGs Allocated to Gaming Rewards and Item Trading Liquidity.

Scramble Liquidity - 10%

38,915,200 GGs Allocated early staking rewards and DEX rewards

Armstrong Giveaway - 3%

11,674,560 GGs and USDC will be given away during Presale and building up to launch

Dev (Team Allocation) - 2%

7,783,040 GGs will be locked for 365days from Presale Launch, Team tokens will be released after.

Based Eggman Roadmap

Phase 1:

Based Eggman ICO Developments (Website, GGs account and Community)

Smart Contract Implementation and Security Audit

GGs Presale Marketing Campaign

Hire Mobile and Desktop UI/UX Expert

Institutional B2B

Coinmarketcap and ICO Listing Platforms

Phase 2:

\$1M GGs Giveaway

GGs Interoperability with Most Used Web3 Wallets

Tier 2 CEX Listing Agreement

Core GGs Platform Design and Development

Global Investment Marketing Campaign

Open GGs X Community for Gamers and Traders Worldwide

Phase 3:

GGs Decentralized Exchange Listings

GGs Exchange Listing Tier 2 CEX

Launch ScrambleSwap Staking, Lending and Borrowing

TOSHI Airdrop

Tier 1 Exchange Application

Develop GGs Raider Bot

Phase 4:

GGs Streaming Platform Development

GGs Mobile Gaming Release

Fiat on Ramp Partnerships

CORP Social Media Marketing Campaign

How to Buy Presale

A Guide to Joining Based Eggman \$GGs Presale/ICO

Welcome to the Best Crypto Presale \$GGs. Joining the Based Eggman presale is easy, secure and financially empowering. Be sure to follow each step below correctly. You can always contact our support team for more information on joining \$GGs presale.

Before you start, ensure you have a Web3 wallet to use for Wallet Connect. Also, make sure your chosen wallet has been funded with cryptocurrency in order to purchase \$GGs presale tokens. If you do not have a Web3 wallet you can refer to the list below to download a wallet to use for your \$GGs presale entry. Example Web3 Wallets: MetaMask, Trust Wallet, Coinbase Wallet, Phantom, Exodus, AlphaWallet etc

STEP 1: Connect Your Wallet

Entering the Best Crypto ICO

Once your Web3 wallet is funded and ready to connect, go to the official Based Eggman \$GGs website (BasedEggman.com) and select "Connect Wallet" on the homepage.

This will open the \$GGs Presale dashboard and Pop up notification for you to select your preferred wallet and approve the connection within your wallet app. In your wallet confirm to log in to the Based Eggman Presale Dashboard

STEP 2: Buying \$GGs Presale

Purchasing the Best Crypto Presale

Now your wallet is connected to the \$GGs Presale dashboard you can complete the buying process by clicking "BUY \$GGs", select your payment method (The same crypto funded within your connect wallet), enter the amount you would like to purchase and click "BUY \$GGs".

This will automatically activate a transaction which you will need to approve within your Web3 wallet app, once approved within your wallet the payment will process and your \$GGs tokens will be applied to your dashboard.

STEP 3: Joining \$GGs Community

Official Based Eggman Presale Member

Once the payment has cleared, join the Based Eggman Telegram Community where other members discuss growth, cryptocurrency developments, economics and gaming. If you've confirmed the transaction, funds have left your Web3 wallet but the \$GGs tokens are not on your dashboard, Please contact our official support team via telegram @basedbwyan Transactions typically take up to 15-20mins to confirm, you can review your transactions on your \$GGs dashboard, navigate to the dashboard menu and select transactions to review. All transactions initiated after you click "BUY \$GGs" are stored here with all relevant on-chain information needed by the Based Eggman support team to assist you.

Based Eggman Terms

Based Eggman Terms Terms and Conditions

Welcome to Based Eggman. These Terms and Conditions ("Terms") govern your access to and use of <https://basedeggman.com>, the Based Eggman presale application, any related smart contracts, and associated services (collectively, the "Services"). By using the Services you agree to be bound by these Terms. If you do not agree, discontinue use immediately.

1. Eligibility

You must be at least 18 years old and possess the legal capacity to enter into these Terms. You are responsible for ensuring that accessing or using the Services is lawful in your jurisdiction.

2. Wallets and Security

You are solely responsible for safeguarding the private keys, seed phrases, or any credentials associated with your wallet.

All blockchain transactions that you authorize are final and irreversible. We cannot recover lost funds or undo signed transactions.

You agree to promptly notify us at via telegram @basedbwyan if you suspect unauthorized access to your account or wallet integrations.

3. Token Sales and Disclaimers

Participation in the \$GGs token presale is voluntary and subject to applicable laws. Tokens may have no monetary value and involve significant risk, including potential loss of value, volatility, regulatory uncertainty, and smart contract vulnerabilities. Nothing on the Services constitutes financial, investment, or legal advice. Conduct your own research before engaging in any transaction.

4. Prohibited Conduct

You agree not to:

Use the Services for illegal, unauthorized, or fraudulent purposes.

Interfere with or disrupt the Services, smart contracts, or connected networks.

Introduce malicious code, attempt to bypass security, or engage in data scraping.

Impersonate any person or entity or misrepresent your affiliation with Based Eggman.

5. Intellectual Property

All trademarks, logos, graphics, and content provided through the Services are the property of Based Eggman or its licensors. You receive a limited, non-exclusive, non-transferable license to access and use the Services for personal, non-commercial purposes.

6. Third-Party Links and Services

The Services may provide links to third-party websites, dApps, or tools. We do not control those third parties and are not responsible for their content, products, or practices. Your interactions with third parties are solely between you and the relevant provider.

7. Disclaimers and Limitation of Liability

The Services are provided on an "as is" and "as available" basis without warranties of any kind, express or implied.

To the fullest extent permitted by law, Based Eggman disclaims all warranties, including merchantability, fitness for a particular purpose, non-infringement, and availability.

Based Eggman, its affiliates, and contributors shall not be liable for any indirect, incidental, special, consequential, or exemplary damages, including loss of profits, data, or goodwill, even if advised of the possibility of such damages.

8. Indemnification

You agree to indemnify and hold harmless Based Eggman, its affiliates, contributors, and partners from any claims, liabilities, damages, losses, and expenses (including reasonable legal fees) arising from your misuse of the Services or violation of these Terms.

9. Modifications

We may update these Terms at any time. Revised Terms will be posted on the Services with an updated "Last updated" date. Continued use after changes signifies acceptance of the updated Terms.

10. Termination

We reserve the right to suspend or terminate access to the Services for any reason, including violation of these Terms. Upon termination, your right to use the Services will immediately cease.

11. Governing Law

These Terms are governed by the laws of the jurisdiction in which Based Eggman primarily operates, without regard to conflict of law principles. Any disputes shall be resolved through binding arbitration or competent courts in that jurisdiction, unless prohibited by local law.

12. Contact Information
